

paying the first progressive jackpot if the random gaming result is a winning progressive jackpot result and if the wager is at least a first wager amount; and paying the second progressive jackpot if the random gaming result is the winning progressive jackpot result and if the wager is at least a second wager amount, the second wager amount being larger than the first wager amount.

24. (New) The method of claim 23 further comprising:

increasing the first progressive jackpot in response to receiving the wager; and increasing the second progressive jackpot in response to receiving the wager, wherein the increase in the second progressive jackpot is larger than the increase in the first progressive jackpot.

25. (New) The method of claim 24, wherein increasing the first progressive jackpot comprises increasing the first progressive jackpot by a first percentage of the wager, and wherein increasing the second progressive jackpot comprises increasing the second progressive jackpot by a second percentage of the wager, the second percentage being larger than the first percentage.

26. (New) The method of claim 23 further comprising:

paying the first progressive jackpot and the second progressive jackpot if the random gaming result is the winning progressive jackpot result and if the wager is at least the second wager amount.

27. (New) The method of claim 23 further comprising:

resetting the first progressive jackpot to a first predetermined reset amount after paying the first progressive jackpot, and resetting the second progressive jackpot to a second predetermined reset amount after paying the second progressive jackpot;

wherein the first and the second predetermined reset amounts are larger than zero.

28. (New) The method of claim 27 wherein the second predetermined reset amount is larger than the first predetermined reset amount.

29. (New) The method of claim 23, wherein the gaming system comprises a single gaming machine.

30. (New) The method of claim 23:

wherein the gaming system comprises a plurality of linked gaming machines;

wherein the first and the second progressive jackpots are common to all linked gaming machines; and

wherein the first and the second progressive jackpots are increased in response to a wager received by any unique linked gaming machine.

31. (New) The method of claim 23, wherein the wager activates a single play line for a gaming machine receiving the wager.

32. (New) The method of claim 23, wherein the wager activates a plurality of play lines for a gaming machine receiving the wager.

33. (New) The method of claim 23, wherein a number of play lines activated by the second wager amount is identical to a number of play lines activated by the first wager amount.

34. (New) The method of claim 23, wherein a number of play lines activated by the second wager amount is larger than a number of play lines activated by the first wager amount.

35. (New) A gaming method, comprising the acts of:

providing a first progressive jackpot and a second progressive jackpot for a gaming system;

receiving a wager in the gaming system;

providing a random gaming result in the gaming system;

paying the first progressive jackpot if the random gaming result is a first winning progressive jackpot result and if the wager is at least a first wager amount; and

paying the second progressive jackpot if the random gaming result is a second winning progressive jackpot result and if the wager is at least a second wager amount, the second wager amount being larger than the first wager amount.

36. (New) The method of claim 35 further comprising:

increasing the first progressive jackpot in response to receiving the wager; and

increasing the second progressive jackpot in response to receiving the wager, wherein the increase in the second progressive jackpot is larger than the increase in the first progressive jackpot.

37. (New) The method of claim 36, wherein increasing the first progressive jackpot comprises increasing the first progressive jackpot by a first percentage of the wager, and wherein increasing the second progressive jackpot comprises increasing the second progressive jackpot by a second percentage of the wager, the second percentage being larger than the first percentage.

38. (New) The method of claim 35, further comprising:

paying the first progressive jackpot and the second progressive jackpot if the random gaming result is the second winning progressive jackpot result and the wager is at least the second amount.

39. (New) The method of claim 35 further comprising:

resetting the first progressive jackpot to a first predetermined reset amount after paying the first progressive jackpot, and resetting the second progressive jackpot to a second predetermined reset amount after paying the second progressive jackpot;

wherein the first and the second predetermined reset amounts are larger than zero.

40. (New) The method of claim 39, wherein the second predetermined reset amount is larger than the first predetermined reset amount.

41. (New) The method of claim 35, wherein the gaming system comprises a single gaming machine.

42. (New) The method of claim 35:

wherein the gaming system comprises a plurality of linked gaming machines;

wherein the first and the second progressive jackpots are common to all linked gaming machines; and

wherein the first and the second progressive jackpots are increased in response to a wager received by any unique linked gaming machine.

43. (New) The method of claim 35, wherein the wager activates a single play line for a gaming machine receiving the wager.

44. (New) The method of claim 35, wherein the wager activates a plurality of play lines for a gaming machine receiving the wager

45. (New) The method of claim 35, wherein a number of play lines activated by the second wager amount is identical to a number of play lines activated by the first wager amount.

46. (New) The method of claim 36, wherein a number of play lines activated by the second wager amount is larger than a number of play lines activated by the first wager amount.

47. (New) A gaming method, comprising the acts of:

providing a first progressive jackpot and a second progressive jackpot for a gaming system;

receiving a wager in the gaming system;

providing a random gaming result in the gaming system; and

paying the largest of either the first progressive jackpot or the second progressive jackpot if the random gaming result is a winning progressive jackpot result.

48. (New) The method of claim 47 further comprising:

increasing the first progressive jackpot in response to receiving the wager; and  
increasing the second progressive jackpot in response to receiving the wager, wherein  
the increase in the second progressive jackpot is larger than the increase in the first  
progressive jackpot.

49. (New) The method of claim 48, wherein increasing the first progressive jackpot  
comprises increasing the first progressive jackpot by a first percentage of the wager, and  
wherein increasing the second progressive jackpot comprises increasing the second  
progressive jackpot by a second percentage of the wager, the second percentage being larger  
than the first percentage.

50. (New) The method of claim 47, further comprising:

resetting the first progressive jackpot to a first predetermined reset amount after  
paying the first progressive jackpot, and resetting the second progressive jackpot  
to a second predetermined reset amount after paying the second progressive  
jackpot;  
wherein the first and the second predetermined reset amounts are larger than zero.

51. (New) The method of claim 50, wherein the second predetermined reset amount is larger  
than the first predetermined reset amount.

52. (New) The method of claim 47, wherein the gaming system comprises a single gaming machine.

53. (New) The method of claim 47:

wherein the gaming system comprises a plurality of linked gaming machines;

wherein the first and the second progressive jackpots are common to all linked gaming machines; and

wherein the first and the second progressive jackpots are increased in response to a wager received by any unique linked gaming machine.

B1  
54. (New) The method of claim 47, wherein the wager activates a single play line for a gaming machine receiving the wager.

cont  
55. (New) The method of claim 47, wherein the wager activates a plurality of play lines for a gaming machine receiving the wager.

56. (New) The method of claim 47, wherein a number of play lines activated by a second wager amount is identical to a number of play lines activated by a first wager amount, the second wager amount being larger than the first wager amount.

57. (New) The method of claim 47, wherein a number of play lines activated by a second wager amount is larger than a number of play lines activated by a first wager amount, the second wager amount being larger than the first wager amount.

B1

58. (New) A gaming system comprising:

a gaming machine comprising a wager detector;

a first progressive jackpot associated with the gaming machine and a second

progressive jackpot associated with the gaming machine;

wherein the gaming system provides a random gaming result;

wherein the gaming system pays the first progressive jackpot if the random gaming

result is a winning progressive jackpot result and if a wager sensed by the detector

is at least a first wager amount; and

wherein the gaming system pays the second progressive jackpot if the random gaming

result is a winning progressive jackpot result and if the wager sensed by the

detector is at least a second wager amount, the second wager amount being larger

than the first wager amount.

cont

59. (New) The system of claim 58, wherein in response to the detector receiving the wager, the gaming system increases the first progressive jackpot and increases the second progressive jackpot, the increase in the second progressive jackpot being larger than the increase in the first progressive jackpot.

60. (New) The system of claim 59, wherein the gaming system increases the first progressive jackpot by a first percentage of the wager, and wherein the gaming system increases the second progressive jackpot by a second percentage of the wager, the second percentage being larger than the first percentage.

61. (New) The system of claim 58, wherein the gaming system pays the first progressive jackpot and the second progressive jackpot if the random gaming result is the winning progressive jackpot result and if the wager is at least the second wager amount.

62. (New) The system of claim 58:

wherein the gaming system resets the first progressive jackpot to a first predetermined reset amount after paying the first progressive jackpot, and resets the second progressive jackpot to a second predetermined reset amount after paying the second progressive jackpot; and

wherein the first and the second predetermined reset amounts are larger than zero.

63. (New) The system of claim 62, wherein the second predetermined reset amount is larger than the first predetermined reset amount.

64. (New) The system of claim 58, wherein the gaming system comprises a single gaming machine.

65. (New) The system of claim 58:

wherein the gaming system comprises a plurality of linked gaming machines;

wherein the first and the second progressive jackpots are common to all linked gaming machines; and

wherein the first and the second progressive jackpots are increased in response to a wager received by any unique linked gaming machine.

66. (New) The system of claim 58, wherein the wager activates a single play line for a gaming machine receiving the wager.

67. (New) The system of claim 58, wherein the wager activates a plurality of play lines for a gaming machine receiving the wager.

68. (New) The system of claim 58, wherein a number of play lines activated by the second wager amount is identical to a number of play lines activated by the first wager amount.

69. (New) The system of claim 58, wherein a number of play lines activated by the second wager amount is larger than a number of play lines activated by the first wager amount.

70. (New) A gaming system comprising:

a gaming machine comprising a wager detector;

a first progressive jackpot associated with the gaming machine and a second progressive jackpot associated with the gaming machine;

wherein the gaming system provides a random gaming result;

wherein the gaming system pays the first progressive jackpot if the random gaming result is a first winning progressive jackpot result and if a wager sensed by the detector is at least a first wager amount; and

wherein the gaming machine pays the second progressive jackpot if the random

gaming result is a second winning progressive jackpot result and if the wager

sensed by the detector is at least a second wager amount, the second wager amount being larger than the first wager amount.

71. (New) The system of claim 70, wherein in response to the detector receiving the wager, the gaming system increases the first progressive jackpot and increases the second progressive jackpot, the increase in the second progressive jackpot being larger than the increase in the first progressive jackpot

72. (New) The system of claim 71, wherein the gaming system increases the first progressive jackpot by a first percentage of the wager, and wherein the gaming system increases the second progressive jackpot by a second percentage of the wager, the second percentage being larger than the first percentage.

73. (New) The system of claim 70, wherein the gaming system pays the first progressive jackpot and the second progressive jackpot if the random gaming result is the winning progressive jackpot result and if the wager is at least the second wager amount.

74. (New) The system of claim 70:

wherein the gaming machine resets the first progressive jackpot to a first

predetermined reset amount after paying the first progressive jackpot, and resets

the second progressive jackpot to a second predetermined reset amount after

paying the second progressive jackpot; and

wherein the first and the second predetermined reset amounts are larger than zero.

75. (New) The system of claim 74, wherein the second predetermined reset amount is larger than the first predetermined reset amount.

82. (New) A gaming system comprising:

a gaming machine comprising a wager detector;

a first progressive jackpot associated with the gaming machine and a second

progressive jackpot associated with the gaming machine;

wherein the gaming system provides a random gaming result; and

wherein the gaming system pays the largest of either the first progressive jackpot or

the second progressive jackpot if the random gaming result is a winning

progressive jackpot result.

83. (New) The system of claim 82, wherein in response to the detector receiving a wager, the gaming system increases a first progressive jackpot and increases a second progressive jackpot, wherein the increase in the second progressive jackpot is larger than the increase in the first progressive jackpot.

84. (New) The system of claim 82, wherein the gaming system increases the first progressive jackpot by a first percentage of the wager, and wherein the gaming system increases the second progressive jackpot by a second percentage of the wager, the second percentage being larger than the first percentage.

85. (New) The system of claim 82:

wherein the gaming system resets the first progressive jackpot to a first predetermined

reset amount after paying the first progressive jackpot, and resets the second

progressive jackpot to a second predetermined reset amount after paying the

second progressive jackpot; and

wherein the first and the second predetermined reset amounts are larger than zero.

86. (New) The system of claim 85, wherein the second predetermined reset amount is larger than the first predetermined reset amount.

87. (New) The system of claim 82, wherein the gaming system comprises a single gaming machine.

88. (New) The system of claim 82:

wherein the gaming system comprises a plurality of linked gaming machines;

wherein the first and the second progressive jackpots are common to all linked gaming machines; and

wherein the first and the second progressive jackpots are increased in response to a wager received by any unique linked gaming machine.

89. (New) The system of claim 82, wherein a wager sensed by the detector activates a single play line for a gaming machine receiving the wager.

90. (New) The system of claim 82, wherein a wager sensed by the detector activates a plurality of play lines for a gaming machine receiving the wager.

91. (New) The system of claim 82, wherein a number of play lines activated by a second wager amount is identical to a number of play lines activated by a first wager amount, the second wager amount being larger than the first wager amount.

B1  
concl.

92. (New) The system of claim 82, wherein a number of play lines activated by a second wager amount is larger than a number of play lines activated by a first wager amount, the second wager amount being larger than the first wager amount.
